

## Access to Impact Investment for Social Enterprises

# Worksheets for MOOC participants

Name:

Organization:

Supported by:

# ORIENTATION

## How to use

Before entering the course, participants without knowledge of social entrepreneurship and/or impact investment may use this orientation to define their individual starting position and get acquainted with three basic concepts.

### Define your individual starting position

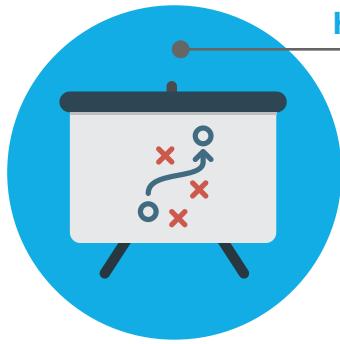

### Who am I / organizational types

#### What type of organization are you and how do you plan to develop?

Indicate where you are today by highlighting one of the four sections:

How do you plan to develop in the future?

- Converting into a pure non-profit
- Building up income streams and becoming a social enterprise
- Fully develop the commercial potential and become a company with CSR Program

## Types of investors

What kind of investors are you looking for?

Indicate your favorite type of investors by highlighting one of the four sections:

Which features of the investor(s) are most important to you?

# Access to impact investment *for social enterprises*
